

Engagement Expectations

Your feedback is important. Our team is here to share information and hear from every participant.

Be respectful and contribute to a welcoming space

Treat others with respect even when we have different views – challenge ideas, not people.

Make space for others to share

We want to hear from everyone – help ensure everyone has an opportunity to share their thoughts.

Respect different perspectives

Different perspectives make for more interesting discussions and more robust processes – come in with an open mind to different views.

There will be no tolerance for abusive or discriminatory comments.

Participants demonstrating disrespectful behaviour toward staff or other participants may be asked to leave.
